

He's green. She's blue. What are you?

Curious how knowing your personality color and emotional intelligence (EQ) will help with communication?

Understanding your personality color and EQ will assist you in communicating effectively with different personality types and how they prefer to be given information, how they perceive information, and allows you to move relationships forward, even in stressful situations, without giving up your goals and objectives.

Sat, January 26th, 2019
